2019 Autumn Edition

CNS Power Co., Ltd. was established in 2003 and started Global Partnership with HP, Microsoft, Toshiba, iLuv Mobile Accessories, Foxconn Innowatt, Energizer to distribute their products. We supply products and solutions and also, mostly occupy a retail market share in Korea, including department stores, Apple stores, stationery, and book stores.

Launched its brand Connetick in 2016, fully wireless Bluetooth earphone, necklace-type Bluetooth earphone, car wireless charging cradle, portable USB humidifier, clip-on wireless USB fan, bicycle holder, fast charging cable, Type-C mobile data hub, laptop all-in-one docking station, etc. We design and manufacture competitive products and supply them to

the domestic and oversea market.

With 16 years of successful business experience resulting in various product design and developed products, we established Design Lab in 2019 and plan to launch more products by investing in visual design, 3D design, mechanical design and product development.

CNS Power, an expert in designing, developing and manufacturing products, ensures success with our global partners.

Brand Story
